FAMILY MEMBERSHIP PROGRAM

Program Summary:
The Family Membership Program encourages families to volunteer together by offering a special dues structure programs to include children and adolescents in club activities. Family-friendly clubs and the Cub Program add new energy and enthusiasm to clubs, ignites the tradition of volunteerism and life-long affiliation with Lions and prompts new club development.

Frequently Asked Questions:
What is the dues structure for the Family Membership Program?
The first family member (head of household) pays full international dues (US$43), and up to four additional family members pay only half the international dues (US$21.50). All family members pay the one-time entrance (US$25) or charter (US$30) fee.

The family membership dues structure only applies to international dues. Clubs, districts and multiple districts are encouraged to adopt their own family dues structure at the local level.

Who qualifies for the family membership dues structure?
The Family Membership Program applies to family members who are (1) eligible for Lions membership, (2) currently in or joining the same club, and (3) living in the same household and related by birth, marriage or other legal relationship. Common household family members include parents, children, spouses, aunts and uncles, cousins, grandparents, in-laws and legal dependents. For family members under age 26, residency in the same household is not required if pursuing higher education or serving in their country’s military service.

What if you are unsure if a proposed family unit qualifies for the family membership dues structure?
Based on the definition, club secretaries must determine which Lions in their club meet the qualifications for the family membership dues rate. The club secretary must indicate on the certification form or MyLCI what documentation they used to verify the relationship and address and are subject to audit.

How do families get certified as a family unit?
New clubs and existing clubs can certify the family members online via MyLCI. New clubs not using MyLCI, may certify family members on the Report of Charter Members (TK21-A). Existing clubs not using MyLCI, can submit the Family Unit Certification Form (TK-30) with the MMR. Recertification is only necessary when there is a change of address or membership status.

How do club secretaries determine the head of household (HH)?
Any one person from the family unit may be designated as the head of household. All family unit information is then based on the subsequent family members’ relationship to the head of household.

Are membership requirements and benefits different for family members?
No. Family members must meet all requirements for Lions membership and receive all rights and privileges associated with active Lions membership.

Every Lions club should have a club membership chairperson. Club membership chairpersons assist their clubs with membership growth. Growth is achieved through new member recruitment and membership satisfaction, which results in members staying and serving longer with their club.

Frequently Asked Questions:
How does the membership chairperson get started?
The membership chairperson should start by reading the Membership Chairperson Guide (ME-44). This guide explains the position responsibilities, provides tips and introduces available resources. The guide also helps membership chairpersons create a membership satisfaction and membership growth plan.

What are the responsibilities of the club membership chairperson?
General responsibilities include forming a membership committee, coordinating with other club committees, submitting the Membership Chairperson Recruiting Report and the Club Membership Satisfaction Report, and serving on the club’s board of directors.

Responsibilities regarding membership satisfaction include creating a plan for membership satisfaction, assess your current membership satisfaction and develop action plans and conducting an exit questionnaire with members who leave the club.

Responsibilities regarding membership recruitment include creating a plan for club membership growth, understanding the different membership types and programs offered by LCI, encouraging the recruitment of new members and ensuring new members receive New Member Orientation and participate in the Lions Mentoring Program.

What support does a membership chairperson receive?
Membership chairpersons should work closely with their membership committee and District GMT Team. The membership committee should be structured in the way that best fits the club’s needs; however, LCI recommends including last year’s membership chairperson, next year’s potential membership chairperson and any club members interested in new member recruitment or member satisfaction. This recommended structure helps clubs make membership satisfaction and growth a priority by putting a unified team together to lead the club’s efforts.

CLUB QUALITY INITIATIVE (CEP)

Program Summary

The Club Quality Initiative (CEP) is a program dedicated to club improvement. CEP is a comprehensive process to improve club health, enhance the membership experience and improve service to their local communities.

Clubs can choose between two versions:

- **Pro** is a facilitator-led workshop. It’s designed for clubs that would like to have a trained Lion facilitator come in and guide members through the workshop.
- **Lite** is a self-guided workshop. It’s designed for clubs that would prefer to have a member of their club lead the workshop.

During a workshop, clubs gauge the success of their club by looking at the needs within their communities, determine strategies for improving club health, and develop goals and action plans for the continuous improvement of their club. Each step of the process takes approximately one hour to complete.

**STEP 1**

**Why Are We Here?**
45-60 minutes)

- Recognize what your Lions have accomplished
- Discuss what your club could accomplish in the future
- Identify unmet needs in the community
- Plan to conduct a Community Needs Assessment

**STEP 2**

**What Makes an Excellent Club?**
(75-90 minutes)

- Complete the How Are Your Ratings? survey
- Determine the characteristics of an excellent club
- Identify obstacles to achieving club excellence
- Analyze ways to improve club effectiveness

**STEP 3**

**How Can We Determine Our Needs?**
(45-60 minutes)

- Review the How Are Your Ratings? survey results
- Identify club and LCI resources for achieving excellence

**STEP 4**

**What Can We Do Next?**
(45-60 minutes)

- Set goals for the future
- Create action plans to achieve your goals
**Frequently Asked Questions:**

**Who is CEP targeted towards?**
CEP is not just for weak clubs or clubs that are struggling. CEP is for all clubs that want to do better; to reevaluate their clubs service projects, reenergize club members and grow membership.

**How can clubs participate in CEP?**
Clubs interested in participating in CEP can access the materials on the LCI website.

**Where can a club hold a CEP workshop?**
Clubs can conduct a CEP workshop during regular meetings, a retreat or other club gathering. The workshop can be delivered in one to four sessions.

**What will clubs accomplish in a CEP workshop?**
Each Lion attending a CEP workshop will complete a Community Needs Assessment and the How are Your Ratings? survey. After reviewing the results of these assignments, the club will create goals and develop action plans in order to build the success of the club.

**What is the role of the GMT/GLT Coordinator?**
District GLT coordinators should identify and train Lions in their district to become CEP Pro facilitators. It is important that the district GMT and GLT coordinators obtain copies of the goals and action plans of participating clubs once they have completed their CEP workshop. This will allow the district GMT and GLT coordinators to follow up with the club(s) on a regular basis to ensure that they are on track to accomplish their goals.

LIONS FAMILY AND WOMEN SYMPOSIUM PROGRAM

Program Summary:
As the emphasis on family-friendly Lions clubs and women’s membership continues, it is important for clubs to identify relevant service opportunities that will spark the interest of families and women. An excellent avenue for pinpointing these needs is to hold a symposium through the Lions Family and Women Symposium Program.

A symposium is a gathering at which there is a free interchange of ideas, or a formal meeting at which several experts deliver short addresses on a topic or related topics. The purpose of a Lions Family and Women Symposium is four-fold:
1. Identify new community projects that are of interest to women and families.
2. Identify potential members.
3. Promote Lions clubs within the community.
4. Charter a new club/club branch to develop the new community project that has been identified.

Frequently Asked Questions:
What components are necessary to complete the funding application?
To complete the funding request, applicants must:
- Select a theme to set the tone for the symposium.
- Secure a partner to lend credibility to the event, provide fresh perspectives and information to help identify crucial needs, as well as provide an additional source of resources and funding.
- Set a date, allowing at least three to four months to plan and execute an effective and well-publicized event.
- Submit a completed application form with the district governor’s signature.

Who should coordinate the symposium event?
Lions district family and women’s membership development specialists and district GMT coordinators are to be the main sponsor/organizer of the symposium initially; local clubs may sponsor later as they gain experience with such events.

How much funding is available?
A maximum of US$2,000 is available for each symposium; however most are approved for between US$500 and US$1,000. The program allows for financial assistance of up to US$4,000, per constitutional area, per fiscal year. The funds are available on a first-come, first-served basis. An applicant may only receive funds once in any two year period, unless funds remain for the applicant’s constitutional area on March 1 of the fiscal year. On March 1, any applicant within the constitutional area is eligible to receive the remaining funds.

BLUEPRINT FOR A STRONGER CLUB

Program Summary

The most effective Lions clubs regularly identify ways to expand their service impact, develop leaders and meet club members’ needs and expectations. Like any worthwhile project, it is important to develop and implement a plan, or “blueprint,” to guide your actions.

This online tool offers tools to help you develop your club’s blueprint, with emphasis on strengthening club operations, service leadership development and membership.

The process outlines three simple steps, which include:

1. ASSESS your club’s current status with respect to the four core dimensions (club operations, service, leadership development and membership growth). During this phase club members openly discuss ideas for change. Perhaps the members would like to consider a new format for club meetings or a new project that address a community need. This simple exercise encourages idea formation and positive discussion.

2. ESTABLISH GOALS based on the findings of the assessment the members determine how they want the club to change and establish strategic goals that are specific, measurable, attainable, realistic goals to be achieved during the current year as well as longer term goals. Once you’ve established your goals, prioritize them in terms of importance, urgency, and potential consequences if the goal is not achieved.

3. DEVELOP YOUR BLUEPRINT FOR A STRONGER CLUB to outlining the steps you will take to achieve your goals. To simplify this process, the site offers a simple Planning Process Worksheet for each goal to help to clarify the tasks, possible obstacles and potential solutions, as well as the resources needed. After this has been completed, the Action Plan Worksheet will help develop a plan to achieve each goal by breaking each goal into specific actionable steps. The final plan will outline the goal being pursued (goal statement), how it will be achieved (action steps), when each step will be completed, who will be responsible for the step, and how you can determine each step has been completed.

YOUR CLUB, YOUR WAY

Program Summary

Many club meetings are based on long standing traditions. Some are welcomed, but others limit club advancement and stifle communication and action.

The Your Club, Your Way guide will help you customize your club meetings to better suit the needs and lifestyles of your club members. It includes a simple, fun exercise to help determine which elements of your meeting to keep and what to change, as well as a process for phasing in change!

Guide Overview

The guide provides a look into club format in the following areas:

Club meeting format – Members can evaluate the benefits of traditional club formats and connected club formats and consider conducting club business in a variety of ways. Clubs may choose to utilize electronic communication to help the club serve the community more effectively.

Meeting frequency – Members may decide to meet more or less often and consider new meeting times.

Meeting format – Does the club need to meet over a meal? What if the club did a service project instead?

Traditions, dress code and protocol – Many clubs open with a song or a pledge, but the club does not have to! Is there a real need for a head table? Some clubs prefer an atmosphere where everyone is equal. Let your club members determine the traditions that should be kept and drop the others.

The guide also offers ideas for phasing in change, increasing attendance and making the meeting worthwhile by offering speakers on meaningful topics that club members will enjoy.

A simple but effective survey is included to help capture the needs of club members so they play an integral role in redefining the club!
